

Reopening Guidance for Organized Sports Activities

Temperature Checks

Teams should consider at-home temperature checks for players, coaches and officials before each practice or game. Those with a temperature above 100.4°F are recommended to stay home until they have no fever and no evidence of COVID-19 symptoms.

Social Distancing

- Maintain social distancing of 6 feet between spectators. Bleachers may need to be closed if distancing cannot be maintained.
- Masks are recommended for spectators when in areas where distancing cannot be practiced
- No handshaking or fist bumps.
- Coaches and officials must try to maintain a 6 feet distance from players.

Cleaning and Disinfecting

- All balls, shared equipment and other objects involved will be cleaned and sanitized at regular intervals.
- Players and coaches must wash hands before each game.

Additional Guidance

- No water coolers. All drinks must be in individual player bottles.
- During Phase 2, groups are limited to 50 people, and this means 50 people per field/court/stadium.
- Place hand sanitizers in multiple locations to encourage hand hygiene.

Teams should consider at-home temperature checks for players, coaches and officials before each practice or game.

Please check with your local municipality for additional guidance or requirements for reopening.
